

## The Finest Ingredients Quick and Easy Preparation

### A FAMILY TRADITION

Pede Brothers Italian Specialty Foods offers a full line of authentic Italian pasta. It's a tradition that began in Rome, Italy, where as a teenager Romolo Pede Sr. first learned to make fresh pasta. In 1967, Romolo Sr. started making this same pasta here in the United States, resolving to use nothing but the finest ingredients available. Today, Romolo's children continue the Pede family tradition of pasta making and are committed to offering the highest quality Italian specialty food products.

### COMMITMENT TO QUALITY

We start with traditional family recipes using only the freshest and finest ingredients including whole milk ricotta cheese, whole eggs, imported Pecorino Romano cheese and the perfect blend of herbs and spices. Our pasta is pre-cooked for quick and easy preparation and frozen using Individually Quick Frozen technology (IQF) to seal in flavor and freshness.

Our family adheres to strict quality control principles. Our state-of-the-art manufacturing facility is both FDA and USDA inspected and SQF certified. We are proud to say a family member oversees every step in the manufacturing process to ensure consistent high quality pasta every time.
